

INTRODUCING WOMENINVEST INFaITH

InFaith Community Foundation offers an investment portfolio for donors who seek to change lives through the investment of charitable assets as well as grantmaking. The WomenInvest InFaith Portfolio invests to do well when women do well, and accomplishes this by investing in economic opportunity, access to education, affordable housing and other opportunities that promote the overall well-being of women. By investing gift assets to better the lives of women and families, your InFaith charitable fund achieves an even greater impact within our shared community.

MORE ABOUT WOMENINVEST

The WomenInvest Portfolio, managed by Veris Wealth Partners specifically for InFaith, is an \$11 million portfolio comprised of 75% equities and 25% fixed income investments, with a goal of achieving at or above market returns over the long term.

STORIES OF IMPACT

The WomenInvest Portfolio creates an impact in our shared community. Consider these examples:

Pax Ellevate Global Women's Index Fund (PXWIX)

Within this fund is American Water Works Co., Inc., which provides water and waste water utility services to residential, commercial and industrial clients. Women comprise more than half of the company's board of directors, which reflects the portfolio's commitment to advancing women. Research indicates that companies with women in leadership have satisfied employees with higher returns and productivity.

Self-Help Credit Union: Women & Children Term Certificate

The Self-Help Credit Union supports women who are building assets by opening their first savings accounts, starting their own businesses or buying homes. This support has resulted in women holding 39% of total credit union loans and more than 1,200 loans to women-owned businesses.
